

VALERIO GOMEZ DENNIS

AI Product Manager • Co-Founder • Bilingual Product Builder (EN / JP / ES / IT)
Tokyo, Japan | +81 090-9956-1774 | valeriodennis51@gmail.com

Tokyo-based product builder with **4+ years** shipping consumer and B2B products. Currently **Co-Founder & Product Lead** at a Japanese tech startup (apps & digital products, 500+ users, enterprise partnerships) while designing and deploying **AI agent systems on the Anthropic stack** — Claude, Claude Code, MCP servers, custom agent harnesses. Native Spanish & Italian, fluent English (C2), Japanese (JLPT N2). Direct experience in travel & hospitality: CWT corporate travel + 2-year Airbnb Superhost.

CORE SKILLS

Product & Strategy	AI, LLMs & Agents	Cross-functional & Languages
Product roadmap & prioritization	Claude · Claude Code (terminal)	Engineering collaboration
Business process analysis	Prompt engineering	Cross-cultural B2B (JP / EN)
Requirements & spec definition	AI agent design & deployment	Travel & hospitality industry
Data-driven decision making	MCP (Model Context Protocol)	ES & IT (Native) · EN C2 · JP N2
Stakeholder management	Agent harnesses & local DBs	FR & PT (B2)

PROFESSIONAL EXPERIENCE

Co-Founder & Product Lead | International Design

Jul 2025 – Present

- ▶ Co-founded Tokyo-based tech startup building **apps, digital products, and AI agent systems** for the Japanese market — owning product strategy, roadmap, and stakeholder management.
- ▶ Scaled flagship **digital business card platform** from **0 → 500 users in 3 months**; closed **B2B partnership agreements with major Japanese enterprises**.
- ▶ Design, build, and deploy **AI agent systems on the Anthropic stack** (Claude, Claude Code in terminal) for content analytics and performance tracking across TikTok, Instagram, and YouTube.
- ▶ Integrate **MCP (Model Context Protocol) servers** connecting Claude to analytics data sources and local databases; own **prompt design, workflow definition, and agent harness architecture**.
- ▶ Define requirements and ship with **engineering team** across product, BD, and brand workstreams — bridging Japanese and international stakeholders.

Content Creator & Product Iteration | Self-Employed

Dec 2021 – Present

- ▶ 4+ years of **data-driven iteration** on a consumer product (personal brand): A/B tested hooks, formats, and posting cadence using platform analytics.
- ▶ Generated **7.5M views in a single month**; grew brand to 120K+ followers and built a Japan-focused channel from scratch (15K TikTok / 6K Instagram).

Airbnb Superhost & Property Manager | Airbnb

Oct 2023 – Present

- ▶ Maintained **Superhost status 2+ consecutive years** managing multiple short- and mid-stay properties — direct experience with serviced-residential operations and guest experience.

Corporate Travel Agent | CWT (Carlson Wagonlit Travel)

Jan 2022 – Sep 2023

- ▶ Managed high-stakes travel for **C-suite executives at META and Amazon** — operational discipline for detail-sensitive work under pressure in the travel industry.
